

WILLIAMS HOLDS ANSWER TO ADDING MACHINE

No, that instrument Grant Williams is holding is not a child's toy. It's the Oriental reply to the modern calculating machine — an abacus. During the last few weeks, Williams has been attempting to learn the secrets of this wire frame which can add, subtract and perform other mathematical duties. When he has mastered the abacus Williams plans to use it at his Candy Store, 6694 Mission.

(Photo by Myra)

Abashed By An Abacus And Addled By Adding Is Anxious Grant Williams

Keeping both eyes on a Chinese instruction book today, and desperately fingering sliding balls in a wire frame is otherwise sane Grant Williams.

The jovial red-headed proprietor of Williams' Candy Store, 6694 Mission, is attempting to solve the mystery of an abacus. Webster coldly informs the reader an abacus is an "instrument for performing calculations by sliding counters along rods in grooves."

But Williams says it is much more than a machine... it's a threat to reason.

"You're supposed to be able to add, subtract and perform other mathematical wonders on the abacus, but it's going to take a long time to whip the thing," Williams noted.

The candy man, who has always wanted to own the oriental answer to the western calculating machine, purchased the abacus last week. He asserts that when he has learned how to add properly he will use it in business.

But to learn how to operate the machine may prove more than a task of following instructions.

"At first I followed the hand-book accompanying the rack quite literally. The result was that I was adding when I should be subtracting and vice versa."

It seems the book of instructions was written by a Chinese who took it for granted that the reader was versed in oriental mathematics. Consequently, he left out many of the basic fundamental steps.

Don't think the abacus is just a whim of Williams. It has proven time and time again that, when used properly, it can compete equally with an adding machine.

Last year a Japanese abacus operator triumphed over an American calculating machine operator, finishing a problem a few minutes before the American had pushed the total button.

If he finally learns the intricacies of the abacus, Williams may well be a threat to adding machine salesmen.

"They've been after me to buy a calculating machine for years. Wait until the next salesman sees me operating the abacus. It should put an end to his visits."

What do the other businessmen of Daly City have to say to that?

Colma Man Faces Child Beating Charge

Charged with child beating today is a Colma man who allegedly beat his six-year-old son with a rose stalk after the boy accidentally set fire to a house curtain.

Robert E. Lakins, 32, Box 511, Colma, is charged with beating his son Dennis not only with the rose bush stalk but also with his bare fists.

Lakins is out on \$1,000 bail and will appear before Judge John Fahey in South San Francisco later this week. The charge against Lakins is a misdemeanor.

The beating was allegedly administered at the home of a neighbor, Richard Stinson, Colma, after Lakins returned from his work as a garbage collector.

Young Dennis and his step-brother Earl, 7, had come to the house after they'd reported to his mother, Mrs. Beverly Lakins, 23, that Dennis had accidentally set fire to the curtains at home. Mrs. Lakins and Stinson rushed to the home and put out the fire, and then returned to the Stinson home.

SWING SHIFT CLASS ATTENDANCE CONTINUES IN THREE GRADE SCHOOLS

Going to school in shifts again this year will be the majority of students at the Crocker, Woodrow Wilson and Jefferson primary schools.

James Snell, superintendent of schools, said students in the fifth through eighth grades at Crocker (and those in these grades who would normally have gone to the old Woodrow Wilson school) will attend classes at Crocker in shifts of from 8 a.m. to noon and from 12:30 p.m. until 5 p.m.

Students in the second and seventh grades at Jefferson elementary will also be on this schedule. Such action is necessary, as again this year the school district is faced with many more pupils than school rooms, Snell said.

The situation will be somewhat better than last year, however, when pupils from most grades at Woodrow Wilson were going to school under the half-day plan.

Construction of the new Wood-

Safe Crackers Get \$600 From King's Market

Ill fortune seems to be plaguing King's Market, which was robbed of \$600 Tuesday night, four months after a \$500,000 fire destroyed the main building.

With sledgehammer and punch thugs ripped the face off a large safe in the basement of the super market, and got away with the aforesaid sum in coins.

Another small safe containing an undetermined sum in bills was next to the large iron box. The thugs tried to open it also, but gave up after they had broken off the combination knob.

Police Chief W. W. Sunderland said this is the first safe cracking job reported in Daly City for the past four years.

Entrance to the market was gained by drilling a hole over the main office, dropping down to the attic and to the office.

From the office, the thugs pried open several cash registers and drawers. Manager Nate Temkin said they failed to get anything from these attempts.

Then turning to the basement, the unidentified burglars went to work on the safe. To get the \$600 they knocked off the combination, drilled holes through the iron plate, pried the plate off, and

Splinter, Pool Injure Two

A wood splinter and a pool sent two people to Junipero Serra hospital Thursday afternoon.

Richard Plowman, 10, 293 Flournoy street, was rushed to the hospital after he slid and fell at the Jefferson High school pool. He struck the edge of the pool with the side of his head.

After the young boy was treated for a lacerated head and face, he was sent home, hospital authorities said.

Gerald Landy, 163 Knowles avenue, drove a wood splinter into his finger while cleaning his back yard. Unable to extract it with needle or knife, Landy called for police, who took him to the hospital. His finger was treated, and Landy went back to cleaning his yard.

"Circus" Is Theme Of Three-day OLPH Annual Festival

Complete with barkers and clowns the circus will come to the annual festival and Carnival at Our Lady of Perpetual Help church October 21.

Father William Stewart, in charge of the festival, announced that this year's theme would be based on a circus. Last year the carnival resembled a western show.

Details of the circus theme yet have to be worked out, Father Stewart asserted. However, anyone who has ever been to a three ring affair will have a good picture of the carnival motif.

George Calegari and Frank Denning have taken it upon themselves to plan the carnival in such a way as to accent the circus theme.

Further details will be published from week to week in the "Record," Father Stewart noted.

Tickets for the festival have already been mailed out to parishioners and friends. The tickets will be sold at a nominal sum, and will entitle the bearer to participate in many events, as well as a chance at valuable awards.

This year the festival will open October 21 and run for three days.

COUNCIL MEETING

Bond Election Plans Pushed By Council

At a short adjourned meeting of the city council Monday a resolution was passed caring for a special bond election September 27.

The election will be called to determine whether or not the people of Daly City desire a War Memorial building and new and improved parks. Further information is in another story in this week's "Record."

Another meeting of the city council will be held September 6 to pass the necessary ordinance calling for the bond election.

Only other business of the Monday meeting was to call for bids on improving Alp street between Hillside and Mission. Bids for curbs, gutters, and pavement must be submitted to the city council on or before September 26.

Following the open meeting, a caucus meeting was held between the council and Mario Ciampi, the War Memorial building architect. Ciampi presented tentative plans, but no definite conclusion was reached.

However, there may be one major change in earlier plans for the building. Now, instead of having a combination auditorium and gym, the council is considering a suggestion by Ciampi that these two rooms be separate. The architect claims the cost would not be much greater than if they were combined.

Six Thugs Beat Up Two Men In DC Restaurant

Severely beaten by six hoodlums in the Hill King Stop restaurant, 6266 Mission street, last night were two men.

Bill Johnstone, 1008 S. Wilson street, Montana, and Earl L. McCloud, 5249 Mission street, San Francisco, were treated for abrasions of their faces and sides at Junipero Serra hospital this morning.

Johnstone said he, McCloud and their wives went into the restaurant at 3 a.m. They began to eat when a noisy unidentified man began to use abusive language around their wives.

McCloud went out to get the police. When he returned he saw the unidentified man and five of his companions beating up Johnstone. When McCloud attempted to interfere, the five jumped him.

Knocking the two men down, the thugs took them outside where they kicked them in the face and ribs, police said.

After beating the men, the six thugs and a girl made their escape in an automobile.

Police Chief W. W. Sunderland said he knew who the unidentified men were, and would have them arrested by tonight. He did not indicate the charges which would be brought against the men.

BOND ELECTION ON SEPTEMBER 27 TO GIVE DALY CITY A COMMUNITY CENTER; PARKS AND PLAYGROUNDS

Mission, Hillside Signal To Go Up Before Sept. 12th

Temporary signals will be put up at the intersection of Mission and Hillside before school begins September 12, Mayor Paul Green said today.

The state is now surveying the city's signal needs, but the survey will not be completed in time for school. Consequently, until the state puts up some stationary type of signal the city will go ahead with its temporary project.

What form the signals will take has not yet been decided.

Eventually it is hoped permanent three-way signals and other types will be installed at the dangerous intersection, as well as at other intersections throughout the city.

Classes Filled, OLPH School Opens Sept. 6

Classes filled to over capacity, Our Lady of Perpetual Help elementary school will open September 6.

This is almost one week before the regular Daly City public schools throw open their doors, September 12.

Father William Stewart noted that there was no chance of accepting any more pupils. He explained that each of the grades had a capacity load of 50 pupils, totaling 450 students in the school. "The condition is much the same as last year; we have many more applications than room," Father Stewart said.

Many parents' applications for entering their children in the school had to be turned down for lack of space, Father Stewart concluded.

Police Launch Drive To Rid City of "Bums" And Young "Hoods"

Police today are preparing to eliminate a recent nuisance, in the persons of young "hoods" and "bums," who have been molesting citizens.

Chief W. W. Sunderland said many of the drifters have gathered in front of, and blocked the sidewalk on Mission from Bepler to Hillcrest. Not only have they "asked for" fights, but also insulted women and girls.

The Daly City police department said it would be glad to accompany any of these men to jail.

Citizens who are bothered by the "bums" are asked to contact city police immediately.

Eagles To Honor Judge Sweeney At Sept. 15 Meeting

In appreciation of the splendid work Judge Sweeney has done for Daly City, the Colma - Vista Grande Aerie No. 1848, F.O.E., will hold "Judge Sweeney Night," September 15.

A special dinner will be given for the judge beginning at 7 p.m. in Eagles Hall, San Jose avenue. The dinner will be followed by a large class initiation of new members.

One of Daly City's pioneers, Judge Sweeney resided here before the city was incorporated. He operated a blacksmith shop as a young man in Daly City.

With the advent of the automobile, he had the foresight to open a repair shop. Later he secured the agency for cars and continued to grow in business until today his establishment is a credit to the city.

Throughout the years Judge Sweeney has been civic-minded. He served many years as a trustee of the Jefferson school district and many of the present schools were

(Continued on page 5 col. 2)

Recommended after a study by the Daly City Recreation Committee, and sponsored by scores of leading citizens and civic groups, a campaign for some of the most necessary improvements in Daly City was gaining momentum this week.

The campaign was aimed at gaining 100 per cent support for two bond propositions which the City Council will put before Daly City voters at a special election called for Tuesday, September 27.

COMMUNITY CENTER

Proposition No. 1 calls for erection of a Community Center, dedicated as a living War Memorial, on city-owned property on the north side of Alp street, between Mission street and Hillside boulevard. Preliminary plans prepared by architect Mario Ciampi call for a Civic Auditorium, meeting room, cafeteria facilities and combined gymnasium and teen-age center on the site at an estimated cost of \$295,000.

PARKS, PLAYGROUNDS

Proposition No. 2 would put into effect a plan recommended by the Recreation Committee, for construction of a new park and playground in Crocker Tract, north of Evergreen avenue and east of Mission street, estimated to cost \$20,000; development of Lincoln Park, \$6,000; a new playground east of Hillside boulevard, \$10,000; complete development of Marchbanks Park on all three levels, \$45,000; and construction of a new park in southern Daly City, south of School street and east of Junipero Serra boulevard, \$20,000. Total for the parks and playgrounds would be \$101,000.

Organizations and civic groups who need a place to meet and to (Continued on Page 6)

Three Girls And A Dragon Feature Lions Bazaar

Dressed in ancient Chinese garb three latter day fugitives from the pages of "Esquire" will cavort with a dragon at the Lions Bazaar September 17.

Although the dragon won't be of the fire and brimstone variety, the three young ladies will be beautifully genuine. As a matter of record, the dragon will be of paper and operated by scores of youngsters under its thin hide.

Those who desire to see both dragon, femmes, and costumes are invited to be on hand at the Sproule-Reitz store, 6400 Mission street, between 11:20 and 12:30 p.m. September 17.

During the hour-long performance the beautiful gals will model Chinese costumes from medieval to modern. While they are modeling, the dragon will drag itself around the store to lend the proper background to the occasion.

This Chinese show promises to be but one of many interesting events that will highlight the day-long Lions Bazaar. Such things as folk dancing, bands, and so on will also enliven the day.

In addition, as earlier reported, beautiful Beverly McCormick will sit in a bathtub giving out kisses—candy, that is. The gorgeous blond will be dressed, but only in a strapless bathing suit.

All of this variety may not be of interest to the shoppers, but some of the sales in the store that day will certainly interest even the most cautious penny pincher. Nationally-advertised items will be sold from 25 to 50 per cent below the regular price.

Money from these sales will go to the Lions Club for the promotion of various activities to help needy boys and girls.

Consequently, if neither babes nor dragons, nor blondes in tubs are of interest, come anyway. Those dimes and dollars will help some boy or girl to grow up to be better citizens.

Remember that day, September 17, at the Sproule-Reitz store, 6400 Mission, when the Lions Club opens its annual bazaar.

(Continued on Page 6)

BATHTUB BEAUTY — Dressed in a strapless bathing suit, curvaceous brunette Rosemarie Knight will be selling candy kisses from a bathtub at the coming Lions Club Bazaar. Miss Knight will be in the tub at the Sproule-Reitz store, 6400 Mission, at various times on September 17, day of the bazaar.

COUNCIL TO CHOOSE MANAGER - 21 APPLY

Buckling down to the task of choosing a city manager today are members of the city council.

Today, September 1, was the deadline of applications for the job. As of Wednesday, 21 men had filed for the position. None of the applicants was from Daly City.

Mayor Paul Green said he did not know when the council would choose the new city manager. However, it will be a matter of "months" as each of the applications must be carefully checked.

The city officials will choose the city manager by method of elimination. Education, experience and references will narrow the field, until there are a few men left for personal interviews.

Only after the personal interviews will the council appoint the manager.

Acting in capacity as executive and advisor, the city manager will work on a full-time basis. He will not replace any of the present officials, and Mayor Green will continue in his office.

Applications have been received from as far north as Oregon, and from as far south as Texas. There were even two applications from the eastern states.

As revealing place of present employment might prove embarrassing to those men who wrote in confidence, only the names of applicants will be made public.

LABOR DAY

The big question on this Labor Day is whether a series of disastrous strikes over the fourth-round wage demands can be averted.

Some of these strikes are already in progress, but the greatest concern centers around such key industries as steel, coal and automobile production. A prolonged tieup in any one of these would have almost the same effect as if all three were struck, and that effect would be to put a severe crimp in the Nation's general welfare.

Industrial statesmanship — or the lack of it — on the part of both labor leaders and business chiefs will largely determine whether the wheels of production are kept turning or whether they come to a halt. Labor has made great gains in wages and working conditions over the years, but attempts to force through further advantages at public expense will probably fall short of their objectives.

Perhaps the greatest need of labor on this, its annual holiday, is to re-examine the quality of its leadership, and to weed out those union bosses who seek primarily to promote their own prestige and power.

There are enough sincere and able men within the ranks of labor to make it unnecessary to rely upon some of the key men who now guide — or misguide — the labor destinies.

ACID TEST

For a long time there have been cries from all over the country for a slashing of the Federal payroll so that the Government could operate on a sounder basis. Secretary of Defense Johnson has just made a move in this direction by dropping 135,000 workers from the Defense Department rolls. But now there are great cries of protest coming from those sections hit by the economy step. It seems to be the old story that economy is fine — as long as it only affects the other fellow.

California has been hit the hardest and our congressmen are probably making the most of the protests in Washington. That's understandable. But if there are going to be economies somebody — including ourselves — is bound to feel it. We can't have our cake and eat it, too.

No doubt there are injustices in every retrenching program. It's better, however, to endure these and the disruptions caused by layoffs than to maintain unnecessary payrolls at the danger of eventually undermining the whole national economy through such waste and extravagance. Secretary Johnson's move is putting the country to the acid test.

DO REGISTER!

If good intentions were all that was necessary to register citizens for the coming elections we would have a much heavier registration indeed. But good intentions, though they pave the way to a certain very warm locality, do not make a very acceptable substitute for action. And unless you're among those who don't care whether the country goes to that warm locality or not, you had better register right away — that is, unless you've already taken care of that chore.

If you've moved or changed your name recently through marriage, or if you didn't vote in the last general election or if you've never "bothered" to vote, it would be well to drop by the registrar's office and get yourself qualified for the November election. There are lots of vital issues to be battled on at that time and YOUR vote should help decide them.

Don't assume that your vote isn't important. That attitude can cause you and a lot of other citizens plenty of grief.

"AIR" WAR

One phase of the cold war which hasn't received the attention it deserves is the struggle for the "air" over Russia. Time was when the Voice of America broadcasts sailed over the ether lanes into Soviet radios without anything being done about them. But for some time past Moscow has been working frantically to "jam" these programs.

This is the most convincing evidence yet found that the "Voice" is having a telling effect behind the iron curtain. If it weren't, there would be no reason to drown it out. As in other instances, the action of the Kremlin in this case has served to increase congressional support of the broadcasts. The lawmakers have voted an additional \$11½ million to get the Voice of America through in spite of the jamming.

If the ideas expressed on this program help to "sell" democracy to enough of the Russian people, the money put into it will be nothing compared to what can be saved through the averting of armed conflict. The Moscow rulers know that democratic ideas are the most dangerous thing to their power.

FOLLOW UP

The exoneration of all those under suspicion in the B-36 plane inquiry calls for further investigation into who, or what was back of the note which started the whole probe. That note, penned by Cedric Worth, a special assistant to the Undersecretary of the Navy, was entirely his own idea, according to him.

But for the protection of the Naval High Command and Navy morale, or for the exposure and punishment of the real culprits, if Worth is taking the blame for others, the matter should be followed up until the whole story is known.

A Thought for Labor Day, 1949

"Far and away the best prize that life offers is the chance to work hard at work worth doing."

—Theodore Roosevelt

"I know it was an election bet of some kind . . . but, who won?"

Border Line Burglary At Border Home

Involved in a borderline burglary on the border of San Francisco and Daly City last Friday was Mrs. Alice Border, 5982 Mission.

Allegedly Mrs. Border returned home at 12:30 a.m. to find the inside lock broken off her front door and \$26 in change, a wrist watch, radio clock, camera and vanity case missing.

Her companion, Robert Houghs, 163a Chattanooga street, San Francisco, called Daly City officers. After the call he allegedly went out on the front porch where he saw William D. Martin, 406 Head street, San Francisco, walking up and down in front of the house.

When police arrived they arrested Martin and found the missing items from Mrs. Border's house in the back of Martin's station wagon. Martin was held pending further investigation of the alleged burglary.

Only when the arrest had been made did Daly City police note the Border home was over their bailiwick border. Consequently, Friday morning the whole case was turned over to the San Francisco Police Department.

Record Number In Army Courses

Now enrolled in home study army and air force extension courses are approximately 3,000 California national guardsmen. About 21,000 are enlisted men studying for commissions and the balance are officers taking needed courses for promotion. Major General Curtis D. O'Sullivan, adjutant general, said.

This represents an approximate 70 per cent increase in officers and men now taking home study courses over last February. Most popular course is still the Infantry School, with 1,076 men and 300 officers enrolled. Anti-aircraft is second in popularity, with 324 enlisted men and 190 officers.

Jefferson Elementary School Board Declares Old Woodrow Wilson School Building Must Be Torn Down

Official word was given by the Jefferson elementary school board Friday to begin the demolition of the old Woodrow Wilson elementary school.

Under the supervision of the school architect, the project is to be carried out "as soon as possible." As noted previously the city lost its battle to secure the structure for county and city office use.

The board of trustees authorized the sale to the city, at not less than \$10, the fire escapes on the old building. The fire escapes will be used off the city council chambers.

Only other items saved from the building will be the furnaces. These are now up for sale to the highest bidder.

Other business transacted at the regular meeting of the school board was:

A letter from Lombardi's service station offering terms for the servicing and storage of the school bus was presented and the superintendent was instructed to negotiate further on the matter.

A letter of application as a school bus driver from Mrs. Ada Schultheis was presented to the board and the letter was ordered filed as this position is filled at present.

A motion was made by Mike Callan that school bus insurance of \$5,000, \$100,000 and \$200,000 P.D. and P.L. and \$100 deductible collision with comprehensive insurance including fire and theft be taken out with Peter Markovich. The motion carried.

Another motion carried instructing the superintendent to assign the construction type fire insurance policy on the Woodrow Wilson primary addition to the local agent having the least insurance in effect at present and that the board authorize a construction type policy on the Garden Village school with assignment to be made to the agent with the next lowest insurance.

Miss Fern Kline, Miss Barbara Bayne and Miss June Gross were approved as employees.

Mrs. Cheatham moved that Mrs. Mertens be paid as a teacher on the seventh step for the entire 1948-49 school year. There was no second to the motion.

Callan moved, and the motion was seconded, that for the school year 1949-50, Mrs. Mertens' contract be raised to the eighth step and that the board's offer to pay her on the seventh step for service rendered after March 1, 1948-49 be renewed.

TRAFFIC COURT

Fines totaling \$112 were paid out by 25 motorists last week for various traffic violations in Daly City.

Those fined \$10 for speeding included: Albert Garbioglio, Jack McDaniel and Lloyd M. Greene. Fines of \$7.50 were paid by James Merrill and Horace Miller, respectively, for going through red lights.

Fines of \$5 were meted to: William Armento, failing to observe a signal; Walter Berryman, speeding; Donald A. Boent, pedestrian in crosswalk; Sofia Brodning, pedestrian in crosswalk; Fabio Gregory, speeding; Wilmer Marten, pedestrian in crosswalk.

Fines of \$2.50 were meted to: Grace M. Dozea, pedestrian crosswalk; William Jauregui, signal; Margaret Linder, signal; Butan Marvkovits, signal; Joe A. Montano, wrong parking; Helen Pridy, pedestrian crosswalk; Anthon Roth, Joseph Schner, Jules Zolinsky, signal.

To Vote November 8 You Must Register Before Sept. 15

Deadline for registering for the special state-wide November 8 election is September 15, W. H. Augustus, county clerk, said today.

This leaves less than two weeks to register. Persons either not registered or not properly registered on or before September 15 will be ineligible to vote at the special election.

Registration qualifications are: You must be an American citizen, 21 years of age or older; you must have lived in the state at least one year, in San Mateo county 90 days and in your precinct 54 days prior to the day of election.

Voters must register if they have not previously done so, if they have moved since doing so, if they did not vote in either of the last year's elections (primary and general), or if they have changed their names by marriage since last registration.

Daly City residents may register at the office of the city clerk, city hall.

Names and locations of other deputies may be obtained upon inquiry to the election-registration department, courthouse, Redwood City.

Here's the Answer

"Record" Reminiscence

August 30, 1939

The biggest freshman class, 152 members, ever to enter Jefferson High school registered Monday. Enrollment in all classes at the high school topped 660.

Monday night the city council by a 3-2 vote passed a resolution establishing a municipal bus system and providing for the purchase of equipment. Mayor Paul Selmi, Councilmen Sundermann and Twisten voted in favor of the resolution. Councilmen Cavagnaro and Fahey voted against the resolution.

With one player sent to the hospital and the score standing 8-2, Daly City Merchants suffered defeat Sunday at the hands of the Owens Illinois team of Oakland. Hitler's "Mein Kampf" is now available at the Daly City public library.

Advertisements begged readers to purchase popular model cars from \$660 to \$900.

A nine-year-old girl, Barbara Jensen, was the sensation of the swimming carnival Friday night when she was declared winner of both the 25- and 50-yard events for women at the Jefferson High school pool.

Among the want ads was this item: For Rent, furnished, two-room apartment, shower, hot water, \$20 per month. Daly City Unit No. 410, American Legion auxiliary, will install officers Thursday night, with Mrs. Lottie Chapman taking her place as the new president.

August 30, 1939

Jefferson high school began the term of 1939-40 with an enrollment of 299 pupils. Three of the freshmen, Charles Monday, Henry Sundermann (a Balboa transfer) and Roland Petrocelli are now members of the Daly City police force.

Other freshmen entering Jefferson included: Myrtle Augustin, James Berardy, Victor Delgado, Albert Biagini, Bernice Bertini, Augie Gaggero, Paul Guisti, Bud and Jim Kennedy, Peter Lera, James McKell, Ada Micheletti, Attilio Pastorini, Sylvio Perata, Evelyn Rancatore, William and George Rich, and Yolanda Sambucetti. William Bolger was elected as

\$554,161 Worth Building Permits August Issue

With the Westlake housing project under full steam last month, Henry Doelger took out 47 building permits totaling \$426,789.

This was the greatest part of 77 permits at a value of \$554,161 issued by the city department of public works during August, A. J. Bodien, superintendent, said.

As compared with last month, building permits in number were down 8, and in value \$72,038. However they were up over August 1948 when only 25 permits were issued at a total value of \$140,000.

Of the 77 permits issued last month, 63 were for new homes at a total value of \$544,436. The other 14 permits, valued at \$9,725, were for alterations.

first president of the newly-organized Associated Aeries-FOE of San Mateo county, at a meeting August 29, 1929. Arthur Bodien was elected junior past president.

Another item noted, "the police department has been busy the past week arresting those who failed to observe stop signals on Mission street at the top of the hill. About 50 arrests were made."

Mrs. Charles McKee, as new president of the Jefferson High school PTA, opened the first meeting of the school year August 22.

Along with the announcement that Mary Pickford would star at the New State Theater in "Coquette," was the following news item: "Will the talking picture become a permanent successor of the silent movie, or will it be condemned because of technique which is beginning to arouse violent criticism on the part of patrons?"

Old Glory Auxiliary Honors Thirty Members With Membership Pins

Charter members, and those with five years standing or more, were honored recently by the Old Glory Auxiliary, V.F.W., No. 2044. During the ceremonies 30 members were awarded membership pins for service extending from five to 18 years.

The three charter members with 18 years of continuous membership include Camille Beckett, Louise Rowley and Ethel Dorn.

Close behind are Nancy Hurley, Jessie Iretton and Nellie Jensen, with 17 years service.

In the 16-year bracket are Louise Briggs, Ruth Berlez, Myna Jefferson and Anne Sender.

All of the aforesaid were given five-year pins.

Those who received 10-year pins include Mollie Woods, Kathryn Moore, Allene Lehigh, Catherine Peniques, all with 14 years; Rose Poolin and Argentina Sechini, with 12 years; Bonnie Ellinwood, Agnes Langan, Mary Sunseri, with 11 years; Loretta Hancock, Josephine McHugh, Louise Young, with 10 years.

Five-year pins were awarded to Margaret E. Krull, nine years; Edna Johnson, Muriel Walsh, eight years; Hattie Bellando, six years; Jessie Gattuso, Mary Guido, Mildred Smith and Hazel Vielle, with five years.

OLPH Mothers Club Schedules First Meet Of Fall For Sept. 6th

First meeting of the OLPH Mothers' Club for the coming school term will be held September 6, 1:30 p. m., at the OLPH auditorium, 80 Wellington avenue.

Under the chairmanship of Mrs. Arta McArdle the meeting will be a dessert whist party. Mrs. Frances Marki will be in charge of kitchen details.

The public is invited to attend this first meeting, and especially those mothers whose children will be attending the OLPH school.

Daly City Couple Take Top Honors Jitterbuggin'

Strictly in the groove, Mr. and Mrs. Joseph Messina, Rt. 1, Box 25, Hillside boulevard, recently won a jitterbug contest.

The couple took first prize in the jive dancing at the Golden State Milk Co. picnic August 28. Mrs. Messina is the former Miss Erma Martini, of Colma.

SOCIETY

Gen. Pershing PTA Officials Plan For Fall

A cake sale and "nosebag lunch" were but two events recommended for the General Pershing PTA this year, at a recent meeting of that group's executive board.

The first meeting of the board was held August 24 at the home of Mrs. George Freeland, 156 Irvington street. Since there will not be a general meeting of the group until October, some long-range planning was necessary.

It was recommended that a cake sale be held at Sproule-Reitz street in October. Any home made bakery goods will be acceptable and welcome. Any PTA members wishing to donate home made bakery goods, contact either Mrs. Eason, Juniper 7-5376 or Mrs. Pool, Delaware 3-6484.

Also recommended for early in October was a "nosebag lunch" for the children at Pershing. The lunches are to be made and put up in bags by the members and sold to the children for their noonday lunch. In the past these lunches have been very successful at Pershing.

The matt for the new program for the coming year, 1948-49 was passed around for the approval of the executive board, and was approved. The designs and drawing are the work of Mrs. Robert Traxler and Mrs. Raymond Gross.

The skit to be written by Mrs. E. K. Whinnen for Founders Day, and acted out by the members was also discussed. As this is to be done in costume, if at all feasible, much work and research will be necessary. Promises of help by Mrs. Gross and Mrs. Traxler is encouraging.

Those present were Mesdames Robert Pool, John Eason, Chester Thuermer, Herman Kohlbrener, Robert Traxler, Raymond Gross, H. S. Holcomb, A. S. White, D. C. Gensel, E. K. Whinnen, and Mrs. George Freeland, president.

The next meeting of the executive board will be held September 29.

Shower Given Corrine Cuneo

Gifts and good fortune lately have literally showered Miss Corrine Cuneo, daughter of Mr. and Mrs. Edwin Cuneo, 681 San Diego avenue.

Yesterday evening at 33 Gloria court, San Francisco, Mrs. Robert Giannini and Mrs. Richard Little presided over a lingerie shower for Miss Cuneo.

This Saturday, September 3, at 7 p. m. Miss Cuneo will marry George Ricconi in a double ring ceremony at Our Lady of Perpetual Help church. A reception will be held later at I.A.S.C. Hall, 25 Russia avenue, San Francisco.

The groom is the son of Mr. and Mrs. Walter Ricconi, San Pedro road, Colma.

Those who attended last night's shower include Mesdames Richard Little, Robert Giannini, George Biggio, Charlotte Briscole, Walter Ricconi, Frank Rehe, Jerry Galindo Jr., Ralph Capps, Ben Parodi, Emilio Ferretti, Edwin Cuneo, Ray Calderon, Myron Hegum, George Perada.

Also on hand were Misses Barbara Cresta, Carolyn Kleyn, Marilyn Nelson, Joan Nelson, Maureen O'Connor, Jean Dapkus, Marilyn Mosman, Jacqueline Cuneo, Susan Nelson, Lois Queirolo, Charlotte Biggio. Joan D'Olivia was unable to attend.

Wedding Bells For Ciardella And DeFanti

White was the motif of a wedding ceremony which united Miss Enes DeFanti and Elio Ciardella in Our Lady of Perpetual Help Church August 21.

The bride, daughter of Mr. and Mrs. Lawrence DeFanti, 299 Wellington, walked down a church aisle surrounded by white gladiolus. A few steps before she took her place in front of Father James Markey, the bride passed two pews decorated on the ends with solid garlands of white carnations.

As she stood before Father Markey, the bride was dressed in an ice blue satin gown, inset some inches above the hem and at the bodice with beautiful chantilly lace. Covering her face was a French illusion lace veil which set off her sweetheart crown, also decorated with chantilly lace.

In her hand the bride had a bouquet of two white orchids, surrounded by fleurs d'amour, with flowers decorating several ribbons which trailed from the bouquet.

Matron of honor was the bride's sister, Lorraine DeFanti. She was dressed in a brocaded satin aqua blue gown, and wore a sweetheart crown. She carried a bouquet of yellow begonias.

Wearing brocaded satin yellow gowns were the bridesmaids, Lena DeFanti and Lillian Ciardella. They both carried bouquets of peach begonias.

Joanne Guidi, dressed in aqua blue satin, was the flower girl. In her hand she grasped a small bouquet of yellow baby roses.

Best man was Mario Ciardella, brother of the groom. Carl Rollandi and Ray Ciardella acted as ushers.

The bride's mother wore a blue lace dress, set off by a mauve nylon hat and an orchid corsage. The groom's mother is deceased.

Following the wedding a reception attended by over 450 people was held at Douvre hall. The guests first admired, then ate a five-tiered cake.

The bride is a graduate of St. Paul's High school and St. Mary's college of nursing. She is employed in a San Francisco doctor's office.

The groom is the son of Alfred Ciardella, 59 Garibaldi street, and is a graduate of Jefferson High school. He owns an automobile body building shop in Colma.

Following a honeymoon in Carmel, and points south, the couple will make their home at 598 Winchester street.

Baby Shower For Mrs. Heggum

A cradle shower was given last Friday for Mrs. Myron Heggum, 142 Thiers street, at the home of Mrs. John Mulcahy, 145 Flournoy street.

Theme of the evening was set by a miniature cradle on the center of the table surrounded by pink and blue favors.

Taking part in the shower were Mesdames Margaret Day, Lorraine Mulcahy, J. Mulcahy, Dolores Keck, Gertrude Conlan, Nadine Little, Doris Rehe, Barbara Galindo. Miss Sabina Lopez was also present.

Evangelistic Services Sunday, Nazarene Church

Beginning this Sunday the Grace Church of the Nazarene will hold a two-week series of evangelistic services.

Guest speaker at the Santa Barbara and Vista Grande church this Sunday will be the Rev. E. J. Ewell. Former pastor of the Nazarene Church in Sacramento for eight years, Rev. Ewell will be in the pulpit Sunday morning at 11 o'clock service. He will also conduct evening services beginning at 7:45 o'clock.

Young people are in charge of the song services and they announce that there will be many special numbers including "The Daly City Melody Makers," a young ladies trio.

The public is invited to attend the special meetings.

ICF Convention Delegates Named

Representing the Daly City branch of the Italian Catholic Federation at their 19th annual convention will be two local women.

The delegates are: Mrs. Violet Chelone, 11 Garibaldi street, and Mrs. Julia Padreddi, 108 Moltke street.

To be held in San Francisco, the convention and 25th anniversary celebration will take place between September 3 and 6. Highlight of the convention will be the presentation of the world-renowned orator, The Rev. Riccardo Lombardi, S.J.

Father Lombardi is to be heard at the San Francisco Civic Auditorium Sunday, September 4, at 3:30 p. m. and then again at St. Vibiana's Cathedral in Los Angeles on September 7 at 7:30 p. m.

Other highlights of the convention and anniversary celebration will be the grand ball September 3, a mammoth parade Sunday, September 4, at 1 o'clock, and a banquet in the evening at 7:30 o'clock.

A solemn high mass coram pontifice is to be celebrated at St. Mary's Cathedral, with His Excellency the Most Reverend John J. Mitty, D.D., archbishop of San Francisco, presiding.

First Meeting Crocker PTA Is Slated Sept. 13

First meeting this fall of the Crocker PTA will be held Tuesday, September 13, 1:30 p. m. at the General Pershing school.

This announcement followed a meeting of the executive board Tuesday at the home of the president, Mrs. Erwin Schmidt. After a dessert-luncheon served by the hostess, plans were made for the fall term.

Miss Tobias, principal of Crocker school, is cooperating with the president and members in helping them with publicity giving the group bulletin board space in the school hall.

A teacher tea and reception for new members will take place at the October meeting. Mrs. Ann Ingersoll will be the chairman.

Happy Birthdays!

Preparing to celebrate a double holiday this week, are seven people in the Daly City area. Not only will they mark Labor Day, but also their birthdays.

Among those blowing out candles on one of Harry's (he hopes) birthday cakes this week will be: September 3: Mrs. Viola Balistrera, New Colma Cafe; Wayne Guisti, 188 School street.

September 4: Mrs. Bennie Picetti, 201 Price street.

September 5: Robert McCahan, Rt. 1, Box 234, Colma.

September 6: Nancy Golobie, 1767 Sweetwood drive.

September 7: Sophie Guisti, 191 Moltke street.

Marilyn Mosman Announces Her Engagement

Engaged today is Marilyn Mosman, daughter of Mr. and Mrs. John A. Mosman, 232 Hillcrest drive.

Miss Mosman will marry Arleigh Fonner Jr., son of Mr. and Mrs. Arleigh Fonner of Hilo, Hawaii. Present plans call for a June wedding.

Fonner presented his bride-to-be with a diamond engagement ring Friday, August 26.

Safe Crackers

(Continued from Page 1)

punched holes through the concrete reinforcement until they gained entrance to the inner locks.

A graduate of Jefferson High school, Miss Mossman is now employed by the Matson Navigation Co.

Now employed in the accounting department of a large San Francisco firm, Mr. Fonner formerly attended school in Hilo. He also spent some time at the Armstrong Business College in Berkeley.

Broadmoor Lutheran Church Announces Sermon Topic

Sermon topic of the new Lutheran Church of Broadmoor Village this Sunday is "God Loved Us First."

The Rev. Max Zschiegner will conduct the services which begin at 11 o'clock. The church is located in the Broadmoor Community Recreation Center, White st. near 87th st.

In addition to the regular services, Sunday school will be held beginning at 9:45 o'clock in the same building.

The public is invited to attend, regardless of faith.

The Worker and His Job

Why does American Industry stand pre-eminent among the industrial systems of the world? One reason is the quality and character of the American worker.

He is not a beaten, frustrated individual with a sour and cynical outlook on life. He is a man of hope, of plans, of interests. He knows that he has a big stake in industry and in a free and democratic government.

The American worker is not a slave of industry; neither is he the slave of an oppressive government which practices forced labor. He is a free man, secure in his rights, safe in his home, respected by his neighbors.

The American worker believes in God and inherits a religious tradition. He is the backbone of his Church and a strong supporter of civic morality and righteousness. He has faith in God, faith in men, faith in America.

This is the simple story behind America's industrial supremacy. She excels because her people believe in God and right and honest work, in peace and goodwill toward others.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to Bible study.

Brawny Burglars Lift Two Car Engines, Other Parts in Week-end Theft

Either planning to augment a garage or to build a car, brawny burglars made off with two automobile engines and parts from a Daly City concern last Saturday.

Moving into the Lombardi Repair lot, Theta and Mission, some time Saturday night, the husky thugs made the following haul: one 1936 Ford engine, two transmissions, left front wheel and tire, radiator, generator, and a 1941 Chevrolet motor assembly.

Today Daly City police are looking for one of two things... either a burglar that resembles an "after" in a popular muscle building advertisement, or a lopsided car with two engines.

NOTICE OF TRUSTEE'S SALE

On Friday, the 2nd day of September, 1949, at the hour of 9:30 A. M. of said day, at the entrance to the City Hall, in the City of Daly City, County of San Mateo, State of California, the undersigned Substituted Trustee, will sell at public auction, to the highest bidder, for cash, lawful money of the United States, all payable at the time of sale, the following ascribed property and the improvements thereon, situated in the County of San Mateo, State of California, particularly described as follows:

Lot 149, as designated on the map entitled "TRACT NO. 547 BROADMOOR VILLAGE IN UNINCORPORATED TERRITORY SAN MATEO COUNTY, CALIF.", which map was filed in the office of the Recorder of the County of San Mateo, State of California, on November 21, 1945 in Book 24 of Maps at pages 74 and 75.

Said sale will be made without covenant or warranty of title, possession or encumbrance, to satisfy the obligation secured by and pursuant to the power of sale contained in a certain Deed of Trust dated December 16, 1947, executed by LLOYD O. WOFFORD and EVELYN M. WOFFORD, his wife, as Joint Tenants, as Trustor, to CALIFORNIA PACIFIC TITLE INSURANCE COMPANY, A Corporation, as Trustee for EDMUND A. COOKE and SARAH COOKE, his wife, Joint Tenants, as Beneficiary, and which said Deed of Trust was recorded December 20, 1947 in the office of the Recorder of the County of San Mateo, State of California, in Volume 1488 at Page 429, Official Records of San Mateo County; the said Beneficiary is now the owner and holder of said Deed of Trust;

The undersigned was substituted as Trustee by written Substitution, made and executed August 8th, 1949, and thereafter recorded in the office of the Recorder of the County of San Mateo, State of California, August 10th, 1949.

Notice of Default and Election to Sell said property was recorded as aforesaid April 13th, 1949, in Book 1648 of Official Records of San Mateo County, at Page 68. This notice is given in compliance with the request and demand heretofore made on the undersigned Trustee by the present holder of said Note and the beneficial interest in said Deed of Trust.

Dated: August 11th, 1949.
JOSEPH B. BATES,
Substituted Trustee.

Yeggs Steal Child's Bike

Thanks to thieves who would steal anything, 9-year-old Yvonne Sereni is without means of transport today.

Last Tuesday someone stole her bike from the front of Marino's, 3208 Mission, her father's place of business. The daughter of Mr. and Mrs. Marino Sereni won the bicycle only last year in a contest.

About the same time she won the bike, her scooter was also lifted by juvenile thieves.

Anyone seeing a girl's Columbia bike, cream and blue in color is asked to contact Mr. Sereni.

Blaze Busters Answer Short Circuit Fire

Sirens screaming, Daly City fire engines roared to what appeared a three-alarm fire at Mission and Price streets last Thursday afternoon.

The insistency of the alarm, as if someone was hiding down the fire alarm handle, caused the great excitement.

When the blaze busters arrived at the box, neither signs of smoke or anyone pulling the box handle could be seen.

Wearily hose hoisters climbed back on their machines, as city hall dispatched an electrician to fix a short in the fire box wiring.

RESOLUTION NO. 1141

RESOLUTION DECLARING INTENTION OF THE CITY OF DALY CITY TO ESTABLISH SET BACK LINES ON EAST AND WEST SIDES OF JUNIPERO SERRA BOULEVARD BETWEEN THE NORTHERLY AND SOUTHERLY LIMITS OF DALY CITY, CALIFORNIA, AND TO FIX A TIME AND PLACE FOR HEARING OBJECTIONS THERE TO.

Resolved: SECTION 1. That pursuant to Ordinance No. 166, the City Council hereby declares its intention to establish a 10 foot minimum distance back from the street line for the erection of buildings or structures on the East and West sides of Junipero Serra Boulevard between the Northernly and Southernly limits of the City of Daly City, California.

SECTION 2. The time and place for hearing all persons interested in or objecting to the proposed set-back lines is hereby fixed as September 12, 1949 at the hour of 8:00 o'clock P.M. of said day at the City hall in the City of Daly City, County of San Mateo, State of California, at which time the City Council will hear any evidence offered by any person interested in or objecting to the said proposed set-back lines.

SECTION 3. A copy of this resolution shall be posted conspicuously not less than one hundred (100) feet apart upon both sides of Junipero Serra Boulevard between the Northernly and Southernly limits of the City of Daly City, State of California. Said notice shall be so posted at least ten (10) days prior to the time of hearing.

SECTION 4. The City Clerk is hereby directed to cause a copy of this Resolution to be published twice in the "Daly City Record," a newspaper of general circulation, circulated in the City of Daly City.

I hereby certify that the foregoing resolution, declaring intention of the City of Daly City to establish set-back lines on East and West sides of Junipero Serra Boulevard between the Northernly and Southernly limits of the City of Daly City, California and to fix a time and place for hearing objections thereto, was duly and regularly adopted by the City Council of said City of Daly City held on the 22 day of August, 1949, by the following vote, to wit:

AYES, Councilmen: Bertetta, Gaggero, Battye, Mooney, Green.
NOES, Councilmen: None.
ABSENT, Councilmen: None.

Bush-Kohmann Wed At OLPH August 20

Enjoying a honeymoon in northern California today are recent newlyweds Mr. and Mrs. James Bush.

The couple were united in wedding ceremonies at Our Lady of Perpetual Help Church Saturday, August 20. The bride is the former Miss Isabelle Kohmann, daughter of Mr. and Mrs. Walter Kohmann, 814 Bellevue avenue.

Miss Kohmann is a graduate of a San Francisco Catholic high school and attended City College of San Francisco. She is employed as a stenographer.

The groom, James Bush, is the son of Mrs. Lorraine Bush, 4242 19th street, San Francisco. He is employed at the Bank of America in San Francisco.

Wearing a white satin gown with net and brocade lace, the bride came up the aisle Saturday. She carried a prayer book and flowers.

Matron of honor was Audrey Morgan, who was dressed in yellow organdy. Bridesmaids Adel Layette and Dottie O'Shea wore blue organdy dresses and large hats.

Best man was Stan Cooney, with Donald Madden and William Scow acting as ushers.

The groom's mother wore a brown silk taffeta dress with an orchid corsage. The bride's mother was dressed in pink crepe with an orchid corsage.

Following the wedding, a reception was held in the Italian-American Social Hall, San Francisco. About 250 friends and relatives were present.

When the couple returns from their honeymoon they will make their new home at 2039 Ellis street, San Francisco.

VFW To Hold Annual Benefit Dance Sept. 17
Dance to benefit the hospitalized veteran.
This is an opportunity afforded citizens of the Daly City area September 17 when the Veterans of Foreign Wars posts of San Mateo county hold a dance at Tanforan Clubhouse.
All money from the affair will be used by the VFW to help veterans now in hospitals. Here is a chance to enjoy dancing and yet help an ex-GI who is now hospitalized because he fought so such a dance could be held.
In addition to having one of San Francisco's finest dance bands, the VFW will also offer a television set as a door prize.
Tickets may be purchased for a nominal sum from any VFW member either in Daly City, Colma or any part of San Mateo county.
This is the second such dance held by the veteran group. Last year all money from the affair went to purchase a sound movie projector for the Palo Alto Veterans' hospital.
Many benefits ask you to give, and receive only the knowledge you have done someone good. This one affords you an evening of entertainment, and means a veteran will better enjoy his days in the hospital.
Remember, buy tickets today from any VFW member for the annual hospital benefit dance to be held Saturday, September 17, in the Tanforan Clubhouse.

Colma Man Faces Charge

(Continued from page 1)

When Mrs. Lakins told her husband of the damage, he turned, went out in the backyard and cut a branch of a rose bush. He then made Dennis, dressed only in a T shirt, lie down on a bed and allegedly he began to beat the boy across his back.

Although they protested, Stinson and Mrs. Lakins stood about the bed while Lakins beat the boy. After the rose bush stick broke, Lakins punched the boy in the back, Mrs. Lakins said. Finally the others did interfere, and Lakins dashed out of the house.

He was picked up early Wednesday, cited and released on bail. Lakins told his wife he lost his job with the Colma scavenger company.

Eagles To Honor Judge Sweeney

(Continued from Page 1)

For the past seven years, Sweeney has held the position of judge. He is also an early member of the city's volunteer fire department, serving as chief for several years. Being a charter member of the Eagles, he served as its president in 1910, and has always been willing to help the order advance.

Besides the guest of honor on "Judge Sweeney Night," many of the other past presidents and "old timers" will be present. Other guests will be Charles Francisco, state president; George Duddy, state secretary; John McGowan, state trustee; Tommy Goslin, Eagles' state official.

Otto Schramm, treasurer of the local aerie, is general chairman for the night.

All members are invited to attend this meeting, and if possible to bring in a candidate for initiation in order to make the class the largest and most successful of any previous classes.

GOING AHEAD BACKWARDS—At Cypress Gardens, Fla., Wills Worthington, national ski champion, goes to work straightening out those last few kinks before heading north for Toronto. She goes into competition up there at the Canadian tournament, held under the auspices of the American Water Ski Association.

Goodwill Industries Wants Discards

Any old discarded clothes may be a boon to many people if the garments are turned over to the San Francisco Goodwill Industries.

Monroe H. Hess, executive director of the Goodwill, made a special plea today for more repairable discards. He noted that collections always fall off during the summer months.

"Hence, it is more essential during these days that we receive additional clothing, furniture and other household wares, as the handicapped workers at Goodwill are in need of jobs," Hess said.

Jobs for some 200 physically handicapped persons are provided through the renovation of household discards. A phone call to DO 2-0779 will bring the Goodwill pick-up truck to your door.

Two Boys Run Away Third Time

Home today after their third attempt at running away were the two young sons of Mr. and Mrs. Romero Perrin, 525 Bellevue avenue.

Ronald, 8, and Michael, 5, were picked up last night in San Francisco. They were wandering around the downtown section after running away Tuesday afternoon.

A year ago the boys took up residence in a packing case on a San Francisco dock, and recently they were away from home over night.

The case has been handed over to the San Mateo juvenile department for further study.

Mrs. Brice Wins Television Set

Now enjoying the benefits of television is Mrs. Fred Brice, 97 Castle street, Daly City, who won the set at Lucca Market last Saturday.

The set was given away as part of the market's opening August 19, which also saw 50 other people walk away with free grocery orders.

In addition, a \$200 money order toward the purchase of a new Ford from Neville Motors was awarded a Colma man. Officials at Neville Motors were unable to say who the lucky winner was, or whether he planned to buy a car.

MR. BARKLEY GOES TO A BALL GAME—Vice president Alben W. Barkley surprised St. Louis baseball fans by turning out for a Sunday game between the Cardinals and the New York Giants. His companion at the game was Mrs. Carleton S. Hadley, left, of St. Louis. It was the vice president's second flying trip to St. Louis this summer, and each time he managed to see the attractive widow.

700 See Young Boxers In DC Tournament

Future Dempseys from eight to 17 years old fought it out last night in 17 separate bouts at the fourth annual Daly City Recreation department boxing tournament.

Nearly 800 people crowded into the Jefferson high school gym to watch the young sluggers go from two to three rounds. Proof of the excellency of the bouts can be seen in the fact that only one of them ended in a draw.

A close decision was in the eighth fight between scrappy Lowell Creighton and Robert Frugoni. Creighton was winning in points, until the last of three rounds. Then Frugoni landed a punch, and Creighton's nose began to bleed.

According to rules of the fight, at the first sign of blood, the one who inflicted the wound is regarded as the winner. Consequently, Creighton walked out a loser, when even Frugoni admitted the latter had should have won.

Other boys who took part in last night's event include Ben Benavides, winner in a bout with Ronnie Kalinen; Kenny Klees, winner of two rounds with Dave Rasmussen; Ross Benavides and Richard Marquez, a draw.

Dicky Kalinen beat Fred Bertetta; Benny Peralta triumphed over Keith Grantham; Don Benckendorf beat Danny Rasmussen; Bob McDonald lost a three-rounder to Dennis Fisher; Creighton lost to Frugoni; Walter Huntsman beat Ray Resa; Larry Hutchinson took Bob Francis; Don Wilson beat Richard Henning; Dave Scarborough beat Robert Huntsman, while Don Espinoza took Richard McDonald.

In other fights Owen Charles took Ray Schmithe; William Lyman beat Don Trevasis; Bert Nottingham won three from Bob Murchinson, and Bob Gallagher took Spenser McDonald.

Leo Bricker and William Chambers fought an exhibition bout.

CLIFF DWELLERS
Smoke stains from thousands of years ago are reported to still be very much in evidence in the now deserted cliff dwellings of northern New Mexico.

Thieves Get \$35 From Canon Home

Removing \$35 from a purse, burglars searched a home at 55 Woodrow street Monday morning but took nothing else, police reported today.

Entry was gained to the home of Mr. and Mrs. Canon (no first name given) through an open front door. As the Canon's claim they locked the door when they left Saturday night, police believe the thugs may have used a pass key.

The money was taken from an open purse that Mrs. Canon had left on top of her dresser bureau. Although other drawers were searched nothing else was taken, police said.

SM County Property Value Up 11 Per Cent

Assessed valuation of San Mateo county property for 1949-50 is up 11 per cent over the previous fiscal year, the California Taxpayers' association reported today.

Taxable property during this fiscal year stands at \$214,141,281 as compared with \$192,999,741 for the year 1948-49. Valuation for this year is based on preliminary data reported by the state board of equalization.

Over the state as a whole valuations are up nine per cent, and up 85 per cent as compared to the prewar year of 1941.

Boys Collect Subscription Money To Keep

Less of a San Francisco newspaper credit book by Robert Dickson, 538 Crocker avenue, was reported to police yesterday, and 12 hours later the book was found plus three young juveniles.

Apparently one of the boys found the book in the street. He and his two companions then hit upon the scheme of using the book to make collections.

Police do not know how much money they collected and kept during the time Dickson lost the book and the youths' arrest. However, officers to date have recovered \$20.95 from the young boys.

The three youngsters were released to their parents, pending investigation by San Mateo juvenile authorities.

Regular Rent Board Meeting Called Off

Because of Labor Day, the San Mateo Rent Advisory Board will not meet Monday, September 5. It will resume its regular meetings from 9 a. m. to 11 a. m. in the San Mateo city hall on Monday, September 12. Henry A. Cross, area rent director, said.

YOUNG FOLKS

A True Story

Inky Crow By Anne J. King

LAST spring a pair of crows nested in some trees, near our house on our farm in Oklahoma. I decided I would like a young crow for a pet, because I had heard they could be taught to talk.

So I waited until the young ones were partly feathered, before taking one from the nest. I put the young crow in an empty rabbit hutch and named him Inky. His food was stale light bread soaked in sweet milk and some cottage cheese. When I walked up to the cage, I always called out, "Hi, Inky, Hi!" and he would open his mouth for the food.

Inky grew very fast and began to greet me with, "Hi, Hi," when I came near his cage. When he became strong enough to use his wings, I put him outside the cage, and he soon learned to fly a little. It was then I decided to carry him back to his own home and his parents, because he had begun to watch some baby chicks covetously. (But, I should have had no fear there, because later Inky got the fogging of his life from two mother hens, when he attempted to get too near their babies.)

One afternoon I carried him back to the nest, thinking all was well for Inky. I thought he would be happy to get back with his parents, brothers and sisters. But the next morning as we were eating breakfast, I heard a loud "Cawing" and saw four crows dipping down and fighting another crow, who was making slow progress in flying.

The exhausted crow flew into the shelter of some cedar trees near the house. Going to investigate, I found Inky huddled in the cedars.

He greeted me with a "Hi, Hi," then flew to my arm and continued to chatter and scold, as much as to say, "You shouldn't have carried me away."

Inky was satisfied to stay around in the mulberry and cedar trees, near the house. He learned to eat

INKY SOON LEARNED TO SIT ON MY ARM

on a wagon, and one day when they were moved, my husband found all kinds of objects under the posts—pop bottle caps, small sticks and pebbles and bones, which Inky had hid.

But one day in the fall Inky was missing; whether he took up with the large flock of crows that gather at that time of the year, or was killed by some hunter's gun, I never knew. Because I haven't seen Inky since.

Easy Way

Margaret Darst Corbett, teacher of eye education, says in her new book, "Help Yourself to Better Sight," that parents can help children's eyes by story telling. The stories develop habits of relaxation and this relaxation can be used to teach correct eye habits.

PUZZLES GAMES

Sample Collecting Is Good Hobby

There is an out-of-the-ordinary hobby which is lots of fun. There is very little cost to it, either—perhaps not any. And you can start right away. It is sample collecting.

Collect samples of what? Ev-

everything from soup to nuts. One sample collector has several hundred items. They include a mid-get box of salt only an inch and a half tall, a miniature package of cough drops which looks just like a full-size package, which contains only two lozenges; tiny bottles of lotions, tonics, creams, threads, yarns, screens, floor coverings—many, many different things.

Stores of all sorts often give away free samples of merchandise. From a grocer you can get sample cans or packages of new foods. The drugist has wee jars of cosmetics and small bars of soap. Read the ads for offers of samples. Most of them can be had for a penny postcard. Some of them cost only a few cents.

To begin with, a box will serve to hold your collection. As it grows, you will want a display case. You can use a shallow box partitioned off with cardboard shelves. You might arrange the collection like merchandise in a store. Any way you do it will be fun.

SPORTS

MUSTANGS TACKLE ST. MARY'S A.C. IN LABOR DAY GAME

By Allen Pettigrew

Taking the field for the second time this season the Daly City Mustangs will battle for the pigskin, Labor Day, with St. Mary's A.C.

The muscular Mustangs will be on foreign ground for their tussle with the highly-rated St. Mary's team. The game will be played on McClymonds High School field, 26th and Filbert streets, West Oakland.

Kickoff time for what promises to be one of the toughest games of the year is 2:30 p.m.

For the past two weeks, since their 18-0 victory over the Hayward A.C., the Mustangs have been practicing hard. From this corner of the field, it appears that the 11 have really perfected their teamwork and timing.

Again this week the boys will go into the field with the coaching

of Mert Dilly and Ferrando behind them. Another big thing in the lads' favor is Duke Marlowe, the sensational signal caller and ball handler who was responsible in large part for the Hayward victory.

Also on hand to insure a Monday victory will be backfield lads such as Plyer, Chambers, Rossi, Griffin, Dockery, Currier, Sperow, Tanona and Tudoni.

Linemen Elio Abrambi, Chuck Adams, Frank Rivers, Dick Myers, John Coccato, Jerry Listman and Lee Stevens will also make it rough for the St. Mary's team to score.

But no team, no matter how good, can get along without the support of its fans. The Mustangs hope they will see plenty of friendly faces and be hearing friendly shouts when they go into the game at Oakland Monday, September 5.

Colma Senior Club Loses To Merchants

Batting and fielding of the Junipero Serra Merchants proved too much for the Colma Boys Senior Club Sunday, as the Merchants came out on top by 3 to 1.

Gaining an early lead over the Colma team, the Merchants held the score down to 3 to 1 until the ninth inning. Then, staging a fighting comeback, the Colma club managed to load all the bases.

The tabulation stood at two men out, bases loaded, when one of the Colma lads stepped up to bat. He swung at the ball, missed. Strike one was called. Then in quick succession two balls were called.

It looked as if the Colma batter might go to first on a walk, when Merchant pitcher F. Lucia placed one right over the bag. The bat connected, and the ball went in a high arc over the second baseman's glove and landed in the hands of a Merchant fielder.

That was the end of the game. Last year the Colma boys had better luck and managed to beat the Merchants. This is the first game the Colma lads have lost in over a month.

In another equally exciting game, the pennant winning Colma Boys Junior Club took the Daly City Boys Club by an easy score of 7-0. From the first batter up it looked as if the Colma lads had the edge on the other team.

Coyote Point County Shark Derby October 2

One of the West's greatest sporting events, the third annual Shark Derby, will be held October 2 at Coyote Point, San Mateo.

Co-sponsored by the San Mateo Lions Club and the Coyote Point Yacht Club, the Shark Derby is staged each year to help raise funds for youngsters.

More than \$1,000 in prizes will be awarded. Anyone may compete. The entry fees are nominal, 50 cents for adults, 25 cents for youngsters.

In addition to the fishing, the day's program will include thrilling exhibitions of expert fly-casting, small boat racing, water skiing, and aviation events.

A picturesque climax will be reached when King Neptune, attended by lovely maidens, rises out of the waters of San Francisco Bay and crowns the winning anglers, Kingfisher, Queenfisher, Princefisher, and Princessfisher.

The Shark Derby attracted nationwide attention last year when President Harry S. Truman registered as the number one entry and accepted the title "Honorary Kingfisher."

In 1948, more than 21,000 spectators watched 982 fishermen catch 364 sharks. The heaviest shark weighed 36 pounds and was 64 1/2 inches long.

Sharks caught in the bay are of the predatory and not of the man-eating variety, officials said. They prey upon young game and food fish.

Complete fishing supplies will be provided at Coyote Point harbor on the day of the event, Sunday, October 2. Plenty of bait, fishing rods, and fishing licenses will be available. Anglers may register then or before hand at any sporting goods store.

Licenses are required for all persons over 16. Fish may be caught anywhere in the bay, from boats, docks or from the shore. An aerial bomb will be fired at 8 a.m. to start the fishing and again at 3 p.m. to signal the end of the competition.

Free Daly City - Colma Maps At Lombardi Auto

No longer need you depend on your intuitive sense of direction to find a street in Daly City.

Thanks to Lombardi Auto Service, 6499 Mission, detailed maps of Daly City, Colma and surrounding areas are now available. The Rand McNally maps may be obtained free of charge merely by coming to the Lombardi station.

Printed on a sheet of heavy white paper, 12 inches by 12 inches, the maps may be carried easily or tacked on to a wall for handy reference.

SHIRLEY AGAINST THE CHANNEL—Shirley May France, 16-year-old schoolgirl from Somerset, Mass., looks across the English Channel from Dover, England, to Cape Gris Nez, France. At Dover, Shirley May trained extensively for her bid to become the youngest person ever to swim the channel.

EDITORS: Watch for outcome of Shirley's swim.

40-Lap Event Heads Midget Races Friday

Heading tomorrow (September 2) night's weekly midget auto racing program at San Francisco's Bayshore stadium will be a 40 lap main event. The race is only the second at that distance for the 1949 Bayshore season, and is expected to provide one of the best races of the season.

A full field of 12 cars will start in the event, and the probable favorites are Marvin Burke and Johnny Soares, the Bignotti team.

Bugke is gunning for his third straight main event triumph at the Geneva track. He has won the past two 25-lap mains.

Time trials start at 7 p. m. with the first race starting at 8:15 p. m.

Fall Recreation Events Planned As Summer Ends

This week marks the end of the 11 week Daly City Recreation department summer program.

With the conclusion of the program which featured everything from pie making to craft exhibits, plans were already going ahead for a better and greater fall recreation program.

Under the fall schedule, the Daly City department will cooperate with the elementary schools to bring both children and parents three months of interesting activities.

An intramural girls event has already been planned as well as a touch football game series for the young men. Many other activities will highlight the fall program.

After tomorrow, September 2, only two of the playfields will be open for activities. These are Lincoln and Marchbanks. These two grounds will continue to be open during the fall.

It is expected the new fall program will get underway a few days after school begins, September 12.

H. H. Smith Jr. Donates Generator To Mustangs

Thanks to a gasoline powered generator the Daly City Mustangs recently have been able to practice at night.

The Mustangs have been out in the field for the past two weeks during the evenings in preparation for a game with the St. Mary's A. C. this Labor Day.

However, practice would have been impossible had it not been for the generous gift of H. H. Smith Jr. Smith gave the boys the generator. Speaking for the players, Allen Pettigrew today thanked Smith for his contribution that helped to better Daly City football.

Swing Shift Classes At Schools

(Continued from Page 1)

row Wilson primary school annex, expected to be completed in October will provide two additional primary classrooms and two kindergarten rooms. This will eliminate the necessity of students in the third and fourth grades operating on a swing shift at this school.

Much of the heavy load will also be taken off Crocker school when the Garden Village school is completed. This new school will provide the school district with six new primary and intermediate classrooms, one kindergarten and office.

Under the long-range school construction program, 69 new classrooms are called for within the next few years. Only when these rooms have been completed will the present housing problem be solved, Snell asserted.

In addition to work already being done on the Garden Village and Woodrow Wilson school, plans are going ahead for a Colma primary school at the old Abbey homestead tract, and another school in the Westlake subdivision.

At a Thursday night meeting of the school board, Architect Mario Ciampi received approval of his tracings of the Colma school. This calls for eight classrooms to meet the need of sixth, seventh and eighth grade students.

A copy of the site utilization plan for the first unit of the school in the Westlake subdivision was also presented to the board. This school will be built for students from kindergarten through the sixth grade. It will occupy land on five acres between Fieldcrest drive, Lake Vista and West Lawn avenues.

In addition to these proposed schools, another primary school and upper grade school are proposed for the Old Abbey homestead tract and Westlake subdivision, respectively. When plans for these schools will be drawn up is still in doubt.

"I can not say when these schools will be completed," Snell said. "There are too many questions to be answered first as to site, cost, and so on. They may be

Bond Election

(Continued from Page 1)

hold social functions, parents and school and city officials who see the absolute necessity for adequate recreation facilities for all age groups, and police officials who aim to offset juvenile delinquency were all in accord in urging that voters go to the polls on Tuesday, September 27, to ratify the two measures.

City officials have computed that the measures would represent 16 cents on the tax rate for the first year, and stated that this amount would be decreased each year as the city grows in size and population.

LESS THAN 1c A DAY

The average family in Daly City will pay less than a penny a day for the urgently-needed buildings and playgrounds.

The measures require a two-thirds majority of votes cast at the special election, and every parent, every veteran, every member of an organization was urged to VOTE YES and to talk to his neighbors and friends in support of a favorable vote also.

Committee leaders pointed out that Daly City can well afford the civic improvements. The present bonded indebtedness of the City is a mere \$8,000 while the voters are legally permitted to approve \$1,800,000 in bonds. Passage of the War Memorial Community Center and Park and Playground programs would still leave Daly City bonded to less than 25 per cent of capacity.

Teen-age groups, adults, clubs and veterans organizations promised an active campaign to acquaint every voter in the city with the facts and to bring home to each resident the importance of building community facilities which will make Daly City a better city in which to live.

finished in two to five years."

Snell concluded by noting that until such time as the new schools were finished it was probable that the "swing shift" method of attending school would continue.

400 Turn Out For Family Day

Some 400 people turned out at Marchbanks park Sunday for the Daly City Recreation department's annual "Family Day."

During the morning and early afternoon they watched two ball games between the Junipero Serra Merchants and Colma Boys Senior club, and the Daly City Boys Club and Colma Boys club, respectively. Details of these games are on the "Record" sports page.

In the afternoon from 3 to 4:30 o'clock the fathers and mothers battled it out in a softball game. Although pater was given the handicap of batting left handed, he nevertheless managed to beat mater. In fact the score got so far out of hand, that by the end of the second inning, no score was kept.

Meanwhile, those with dancing ability turned to folk and square dancing held from 2:30 until 5 p. m. At one time or another over 200 couples participated in this activity.

Circus Coming To SF Sept. 22-25

Clowns, elephants, peanuts and the whole Ringling Brothers and Barnum and Bailey Circus will be in San Francisco September 22 to 25, inclusive.

This year the big show will be "under canvas" at the San Francisco Cow Palace. Nion R. Tucker, president of the Cow Palace board of directors, announced the final contracts for the show were signed this week.

The "Greatest Show on Earth" will feature many new acts this year, Tucker said, along with the regular features.

Children from six to 60 will have an opportunity to view the circus during one of eight scheduled performances.

Announcing the NEW 1950 STUDEBAKER

The leader leads again! A breath-taking new car!

A dynamic new triumph of Studebaker's overwhelmingly popular new ideas on automobile designing! A 1950 Studebaker styled ahead—and engineered ahead—for years to come!

AMERICA expects the unexpected from Studebaker—and here it is—the "next look" in cars!

Dynamically new in form and substance, this is a truly inspired 1950 Studebaker.

Its styling is more distinctive than the "new look" that Studebaker originated three years ago.

This is a complete line of completely new 1950 Studebaker cars—paced by a sensationally advanced Studebaker Champion in the low price field.

Stop in for a look. New in eye appeal and new in

drive appeal, this breath-taking 1950 Studebaker is starting another Studebaker buying wave.

The 1950 Studebaker stands out in advancements!

A new longer Champion and Commander! A new longer special Land Cruiser sedan! • Self-stabilizing coil spring front wheel suspension • Higher compression Commander and Champion engines of increased horsepower • Wide-rim wheels and extra-low-pressure tires • Self-adjusting brakes • Symmetrically centered variable ratio steering • Over-size windows and windshield • "Black light" instrument panel dials • Wear-resisting Studebaker craftsmanship • Automatic hill holder (extra cost on Champion only) • Gas-saving automatic overdrive transmission, Studebaker Climaticizer heating and ventilating, Studebaker-engineered Philco radio, available on all models at added cost.

HALFWAY THROUGH THE BIG PUSH—Mrs. Julia Roka St. Clair and her son, Dolphia, take a break near Knoxville, Tenn., on their long wheelbarrow trip from Jacksonville, Fla., to Detroit, Mich. Knoxville is considered the halfway mark on the long push.

DEFENSIVE DRIVING

Defensive driving is reported by the National Automobile Club to be motorists recognizing their own limitations and that other drivers can make mistakes. It is being prepared at all times to avoid an accident because of a false move on the part of another driver.

During the war, Stalingrad was besieged for seventeen months.

Lt. Commissions Open In Guard

Commissions are now available in the California National Guard, guard headquarters announced today.

The call is for first and second lieutenants. Only requirement is that a man must have, during the last war, served at least six months in one of the first three pay grades.

Any ex-service man, regardless of branch of service, who can fill the above requirement may obtain further information by either visiting Battery B, 149th AW Bn (SP), located at the San Bruno Navy Base, or by phoning JUNiper 8-5056.

Battery B also has openings for men with or without previous military experience. In most cases ex-servicemen may join with the same rating held when discharged.

Shell Shocked Vet Treated

An alleged shell shocked veteran, Thomas Galvin, 25, 480 Rolph street, San Francisco, is in a hospital today following a convulsion seizure in Hammar's service station Friday.

Galvin came into the 6098 Mission street station Friday noon driving a truck. A few minutes later the convulsion hit him, and he fell out of the truck seat.

An attendant at the station called officers, and Galvin was taken to the Junipero Serra hospital. Police report it took four officers to hold Galvin down.

The veteran was transferred from Junipero Serra hospital to Letterman General hospital for treatment.

DEER SEASON PROSPECTS

Feed has been good and there are many nice young deer in northern San Diego county, where deer season opens September 16, according to the National Automobile Club. Deer taken by sportsmen this year should be about the same as last year, but they will be in much better condition due to improved feed and cooler weather. The later season will give the bucks a chance to get out of velvet which will be a change from the last two years.

Best deer hunting in northern San Diego county will be in the Delux area and Palomar. Delux is mostly posted land but permission can be obtained from many owners to hunt their land. Palomar is closed for the most part at present due to the fire hazard but may be opened in time to hunt provided sufficient rain is experienced.

Navy Has Radar School Openings

Qualified high school graduates are now being selected for entrance to the Treasure Island electronics school in San Francisco, the navy announced today.

The school is one of the best equipped and finest of the electronics schools in this country. Many of the graduates of the school now hold responsible positions in this nation's radio, radar and television companies.

This course is 42 weeks in length and covers the theory, operation, and maintenance of more than 3,700 types of electronic equipment. Interested high school graduates may obtain information by visiting the navy recruiting station, now located in the post office building, San Mateo.

CLIFF DWELLERS

Smoke stains from thousands of years ago are reported to still be very much in evidence in the now deserted cliff dwellings of northern New Mexico.

Mariposa and San Diego counties once had a common boundary.

"THE OCEAN LINER OF THE FUTURE"—That's what retired speedboat king, Gar Wood, right, at the wheel, calls his uniquely-designed "Venturi," left, moored at Miami Beach, Fla. Wood says the twin-hulled, 188-foot craft has proven extremely stable and fast in tests, and claims that a 16,000-ton ocean liner of the same design would be able to carry 4000 passengers and knife through the waves at a speed of 38 knots. When the ship is traveling at high speed air rushing through the tunnel formed by the two hulls helps buoy up the ship and adds to its stability.

SF Bus Service Cuts Due Soon

Curtailment of San Francisco Municipal Railway bus service on off-peak hours will become effective September 4 or 11.

The service cuts are designed to keep the transit system out of the red this fiscal year. First lines to be affected are:

Geary car "B" line converted to bus operations in the evening, on Sundays and holidays; reduction of off-peak service on the Sutter street Nos. 2, 3, and 31 bus lines; termination of the C street car route at 2nd avenue and Cornwall street, with rerouting of No. 1 buses to continue out California to 32nd avenue, present terminus of the "C" trolleys; and operation of No. 4 Sutter bus only during peak hours.

The saving was estimated at \$283,000 a year. Other proposed service cuts will be held in abeyance until effect of the initial move on the railway's financial condition has been determined definitely, officials said.

RUBICON RIVER PRODUCES

Rubicon River, El Dorado county, continues to provide nice catches of rainbow trout. Comparative few anglers have fished this stream during the past two weeks.

Glenn county was named for Dr. Hugh L. Glenn, who settled on a 55,000-acre ranch about 15 miles from Willows, county seat.

PRINCE WEIGHS IN—Royalty enters the sporting world as Prince Bernhard of the Netherlands weighs in before taking part with the Dutch team in the Welcome Jumping Competition at the International Horse Show in London.

LAST LAP FOR THE AIRLIFT—The Allied airfield at Celle, Germany, is the first to close down operations as the renowned Anglo-American airlift goes into the last stages. Here, a German worker uses a kerosene spray to clean off dust from the nose wheel of a C-54, accumulated during the 400 days of the "coldest" war to date. Everywhere, planes are made ready for the return trip to the U.S.

Seaman Injured As Car Collides With His Bike

Sure today a ship is much safer than a bicycle is Russell Newby, 34, 518 San Diego avenue, who collided with a car while riding his

bike Saturday afternoon. Police report the merchant seaman was crossing at Westlake and Mission when a car driven by Thomas B. Cass, 1328 Hyde street, San Francisco, collided with the bike.

But for a cut over his right hip, Newby was unhurt. He was treated for the cut at the Juniper Serra hospital. The bicycle sustained a bent frame, police said.

Adult giant African snails have both male and female reproductive organs in the same individual.

San Jose became the capitol of California in 1849; Vallejo in 1851; Benicia in 1853; and Sacramento in 1854.

Pending further investigation Cass was not cited, police report.

Legion Supports War Memorial Bond Issue

Giving its full support to the proposed War Memorial bond issue today is the Daly City Post No. 410, American Legion.

The post said it could think of no better memorial to the Daly City heroes who died in the wars than the proposed War Memorial building and the recreational improvements.

"I am sure that if they were here, the votes of such heroes as Jerry Martin, Roy Guisti, Bob Kennedy, Ray Bolger and many others would go as ours; not to commemorate their own names, but in order that the community be equipped with facilities for their sons and daughters," Ralph Capps, Legion spokesman, said.

The post urged everyone to get out and vote "yes" on the \$395,000 bond issue September 27.

San Jose was founded with a population of 66, fourteen men and their families, on a site about 1½ miles from the center of the present city.

First recorded settlement in the Virgin Islands was in 1621.

California's silver production in 1948 had an estimated value of \$620,000.

San Francisco is the West's leading market and distribution center.

GOING UP FAST—Laura Elliot should climb to film fame fast, if the first three days of her career are any indication. Paramount executives interviewed her on a Monday morning. Tuesday she signed a contract, and the following day was given the feminine lead in "Special Agent," her first picture.

Next Month 250 Phones Go From JU-7 To PL-5

Approximately 250 persons in the Daly City - Colma area now served with a Juniper 7 number will be assigned new PLaza 5 numbers during October.

This announcement was made today by Roy N. Buell, Pacific Telephone and Telegraph Company division manager. The change is being made in conjunction with the installation of dial equipment in the new telephone central office building at Bryant and Washington streets, Colma.

Designed to serve 7,200 telephones by early next year, the office is being constructed to meet the rapid growth of this area. Telephones connected to the new office will include the central office name PLaza 5.

Meanwhile dial equipment in the Juniper 7 office will continue to handle calls for these telephones until the new office goes into operation.

"Not Guilty," Says Jos. Wilson To Prowling Charge

Appearing before Police Judge William Sweeney Friday, Joseph Wilson, 36, 849 Jefferson court, San Mateo, pleaded innocent to illegal prowling.

Judge Sweeney set a trial for September 8 at 2 o'clock and released Wilson on \$50 bail.

The San Mateo man was charged with illegal prowling after allegedly breaking into the home of Mrs. Ernest J. Matthews, 134 Moltke street, August 17, and taking his 15-month-old daughter from his estranged wife, Mrs. Ruby Wilson.

DON'T SAY "HELLO" ---

SAY "CROCKER CLEANERS"

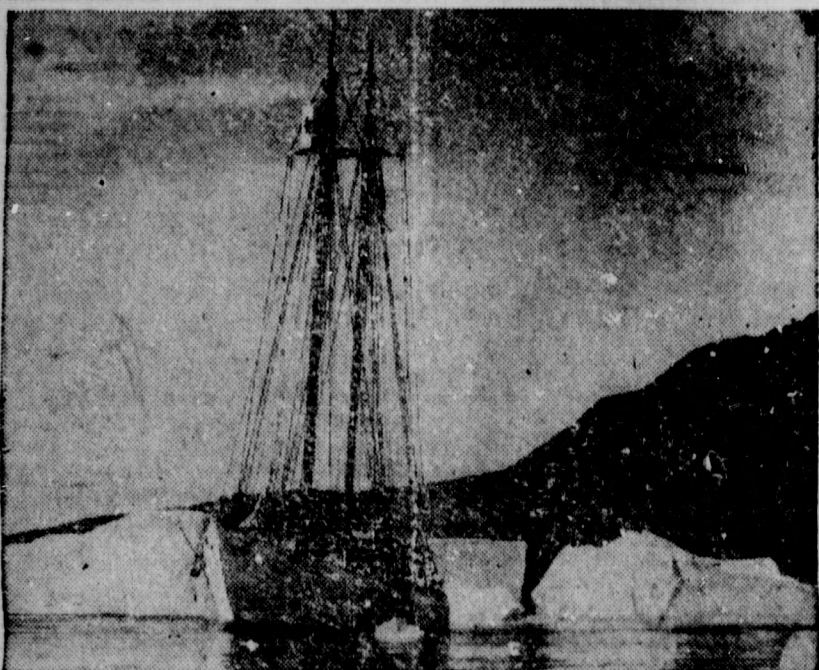

3-DAY REGULAR LAUNDRY & CLEANING SERVICE
6215 MISSION STREET JUNiper 7-3738
SPECIAL 6-HOUR CLEANING SERVICE

Residents of Daly City and Colma are urged to stay close to their telephones during the next few days—September 2, 3, 5, 6, 7—Friday, Saturday, Monday, Tuesday, Wednesday—and win a \$10 Cleaning Order, according to the management of CROCKER CLEANERS, northern California's new, modern cleaning plant, Daly City.

Don't say "Hello." Say CROCKER CLEANERS when your phone rings during the next six days, and you stand a chance to win a ten-dollar cleaning order as a gift of Crocker Cleaners. All Daly City and Colma residents are urged to be on the alert.

Remember, Crocker Cleaners want you to be sure to say: CROCKER CLEANERS! when your phone rings during the next six days.

Seagoing Hydrographic Office

Each month more than 2,000,000 charts roll off the presses of the U. S. Navy Hydrographic Office, giving detailed, vital data on the harbors and expanses of the seven seas. U. S. Navy ships are constantly charting new segments of the oceans, new ports of call, new reefs and channels. Not only the Fleet, but friendly mariners of many nations profit by these charts. Above is the USS Bowdoin, famous exploration ship formerly owned by Cmdr. Donald B. McMillan, Arctic explorer, who is still in active service for the Hydrographic Office of the Navy.

(Official Navy Photograph)

The value of sawmill and planing mill products in the United States in 1947 was placed at \$2,501,000,000 by the Census of Manufacturers.

Millions of tons of limestone, suitable for Portland cement and processed lime, occur within the boundaries of Calaveras county.

Better Driving To State Fair

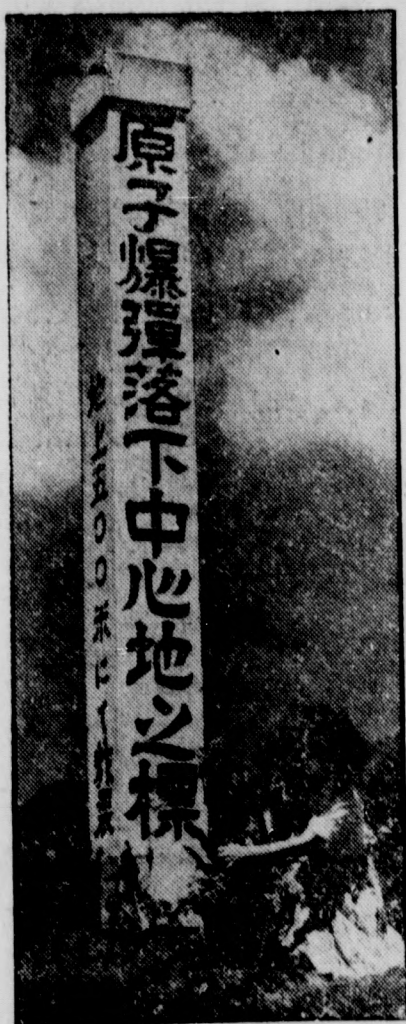

Motorists will be able to drive from the Bay Area to the California state fair in Sacramento, September 1 through 11, faster and more safely this year.

Construction just completed provides a four-lane highway nearly all the way from the Bay bridge to the capital city. The state department of public works announced that all new construction will be opened to traffic by the Fair's opening day on Thursday, September 1.

The Fairfield by-pass, particularly, will speed traffic, since the slowdown through the city, with two stop lights, is eliminated.

The main mountain range on the East coast of Australia limits the length of coastal rivers.

San Francisco's first real theater, the Dramatic Museum, was opened July 4, 1850, on California street just below Kearney.

ATOMIC SHRINE—At Nagasaki, the second Japanese city to feel the devastating atomic blast, a young girl commemorates the fourth "anniversary" of the deadly explosion. She lost her parents and brother in the bombing. The monument is never left without fresh flowers by the families of the 24,000 people killed.

Horsecar service for the convenience of citizens was inaugurated in San Francisco in 1867, with service from the waterfront to 25th street.

Nevada county was organized in 1851 out of the territory between the Bear River and middle fork of the Yuba River.

Loftus "Cheats" Police Court

Beyond the reach of the law today is an alleged bogus check passer.

Hubert Loftus, 60 Carrizal street, San Francisco assertedly passed two bad checks in Daly City in August. On August 6 he cashed a \$20.15 check at Tiny's Daly City Inn, 6045 Mission. One week later he cashed a \$30 check at Hammar's Service Station, 6098 Mission.

Both checks bounced and a warrant was issued for Loftus' arrest. He was to have appeared in Daly City police court last Friday.

But Loftus did not appear, and no further action was taken. The alleged bad check artist committed suicide August 19 while parked in his car on La Honda road, one mile from Skyline boulevard, San Francisco, police reported. Method of suicide was not revealed.

The San Joaquin Valley is the world's most productive, diversified and richest farming area in the world, with a 1948 crop value exceeding \$700,000,000.

Polio No Threat To School Opening

Schools should not delay their regular fall openings because of poliomyelitis, in the opinion of the state department of public health.

Dr. Wilton L. Halverson, department director, said today that the only exceptions to this general recommendation by national polio and public health authorities are certain boarding schools and summer camps which draw their children from distant points.

He advised parents to consult local health officers as to the advisability of sending their children either to or from an area which

has a polio outbreak. The public health director said that his department does not recommend closing of theaters, swimming pools or other amusement places during polio outbreaks. These drastic steps only disrupt normal community life, Dr. Halverson said.
